

# InRoads SS3 Disclaimer

Louisiana DOTD has provided the menu options to load InRoads v8.11.09 (SELECTseries 3) in the various discipline Apps menus for the convenience of external consultants. DOTD does not provide any specific preference files for InRoads v8.11.09, nor has any testing been performed to verify this version of InRoads will function properly with the DOTD Drafting Standards. You may use the preference files provided for InRoads V8i (v8.11) but any problems that arise from this use, or any additional work to ensure the resulting files are compliant with the DOTD Drafting Standards, will be solely the responsibility of the user.

Please refer to the [Software and Deliverable Standards for Electronic Plans](#) for applications/versions supported by DOTD.
